#### Important Information for Transporters into transportation of Liquor and related Items

Government of Bihar has announced a new Excise Policy on 21 December 2015 which is available on the Department's website [www.excise.bih.nic.in](http://www.excise.bih.nic.in). As per this new policy the production, trade and consumption of Country Liquor (CL) will not be allowed from 01 April 2016. Production, trade and consumption of only Foreign Liquor (FL) will be allowed limited to notified urban areas. The shops selling the FL shall directly be controlled by Bihar State Beverages Corporation Limited (BSBCL). Also, to strengthen the distribution system from 01 April 2016, it has been decided that all items related to FL or its production e.g. molasses, Spirit, ENA, Ethanol, Bottles, Wrappers, Seal etc. being transported within or through the State will only be done through tankers or container trucks fitted with GPS and e-Locks. Normal, open trucks can't be fitted with the e-Locks hence only container trucks are to be used for this purpose.

2. It is an appeal to the transporters based in Bihar and across the country (who are related to liquor business) through this notice that from 01 April 2016, any item related to liquor shall be transported only through tankers and container trucks fitted with GPS and e-Lock system. Even if such goods are merely in transit through the State of Bihar, you are required to use only tankers and containers fitted with GPS and e-Lock. The maximum time limit for the transit through State has been set as 24 hours failing which necessary action may be taken against the defaulters.
3. New Excise Policy, 2015 stipulates that movement of all raw material, finished good or intermediate material will be permitted only through tankers and container trucks fitted with GPS and e-Lock. This is applicable to all Sugar Mills, Distilleries, Breweries, Bottlers, Distributors situated in Bihar and Bihar State Beverages Corporation Limited (BSBCL).
4. Under this new arrangement, all the Sugar Mills, Distilleries, Breweries, Bottlers, Distributors and the Retailer (BSBCL) situated in Bihar would require large number of tankers/ container trucks fitted with GPS and e-Lock. Hence it has been decided that a centralized list of vehicles shall be created and the Sugar Mills, Distilleries, Breweries, Bottlers, Distributors and the Retailer will only use vehicles from this list. In view of this, proposals are invited from Transporters all over the country to get their vehicles registered with the excise Department.
5. It has been decided that transport of all material related to FL in the State e.g. molasses, Spirit, ENA, Ethanol, Bottles, Wrappers, Seal, plant and machinery etc. will only be possible through vehicles registered in this list and not otherwise.
6. All interested transporters shall get their vehicles registered in the Department so that they are able to transport above mentioned items smoothly throughout the State.

7. Transporters who don't have such tankers/ container trucks with them as of now may buy new vehicles, get those converted to tankers/ Containers capable to be fitted with GPS and e-Locks and get their new vehicles registered with the Department on or before 01 April 2016.
8. The Department of Registration, Excise and Prohibition shall register only as many vehicles as required out of the applications received from the transporters. The transporters are required to furnish a Bank Guarantee of Rs. 50,000/- valid till 31 March 2017. After the vehicles have been registered, the Department shall try to ensure sufficient usage of all such vehicles throughout the year. The Department shall also ensure that only the registered vehicles are used by Sugar Mills/ Distillers/ Bottlers, Distributors and BSBCL.
9. This activity shall be carried out each year by the Department. The current list will be valid till 31 March 2017. If the Department feels that more vehicles are required, fresh registrations shall be done as per need. Hence the registration of vehicles shall be a continuous process.
10. Transporters have to ensure that the drivers of all such vehicles have valid commercial licenses.
11. All interested transporters are required to fill the application form given below and send it to the address mentioned below. If a single transporter wishes to provide more than one vehicle vehicles details of all such vehicles shall be annexed to a single application.
